## Stack

Python Django Flask Asyncio SQL PostgreSQL, SQLite Docker Nginx  
JavaScript HTML CSS SQLAlchemy FastAPI Alembic Pydantic  
Linux Git Postman Bootstrap Poetry Pytest CodeClimate MyPy Flake8

## Projects

- 2024 Feb - now **zluuba.art (website)** web  
elegantly crafted personal website, meticulously configured from subdomains and Nginx setup to a dynamic JavaScript script updating the footer with the current year.  
[Flask](#) / [Docker](#) / [Nginx](#) / [HTML](#) / [CSS](#) / [JavaScript](#)
- 2023 - 2024 **Games Of Terminal** core  
console-based gaming platform featuring classic games (Tetris, Minesweeper, Snake, etc.), with customization options (different color schemes, skins, modes), an achievement system and smart flexibility (adjusting to the size of the console window).  
[Curses \(Python\)](#) / [SQL](#) / [SQLite3](#)
- 2023 **Task Manager** web  
web application built on the Django framework with Bootstrap on the frontend. It features user registration, login/logout functionality, and CRUD operations. App includes task filtering and access rights management.  
[Django](#) / [PostgreSQL](#) / [Bootstrap](#) / [Rollbar](#)
- 2023 **Page Analyzer** web  
simple Flask application designed to execute requests over the network to check the availability of websites. The app includes validation, flash messages, psycopg2 as the adapter/wrapper, and raw SQL queries.  
[Flask](#) / [SQL](#) / [PostgreSQL](#) / [BeautifulSoup](#)

## Education

● Python Developer (Hexlet, 7 mos.) ● Fullstack Developer (Hexlet, 4 mos.) ● Python OOP (Stepik, 2 mos.) ● Async Python (Stepik, 1 mos.)

## Languages

Russian - Native (C2) / English - Proficient (B2) / Korean - Elementary (A1)

## Experience

I've dedicated over 1.5 years to learning Python and programming in general. While I don't yet have professional experience in the field, I've built a solid foundation and gained significant practical skills through various pet projects. For details about my previous non-programming work experience, please refer to my full CV available at [www.zluuba.art/cv](http://www.zluuba.art/cv).

# Job Experience

CityStaff (Yandex Market)  
Account Manager

2021 Jan - 2021 May  
5 mos.

## Responsibilities

I worked in the Yandex.Market department of an outsourcing agency, where I **communicated with clients and resolved their issues** via email, chat, and telephone. I excelled at simplifying explanations, addressing concerns promptly, and providing **emotional support**. Utilized Yandex Market's extensive knowledge base, often referred to as their own 'Wikipedia'.

## Achievements

- Received a bonus in the first month for exceptional performance and rapid adaptation to work processes.
- Initiated changes to several items in the internal Wikipedia, highlighting inaccuracies and ambiguities, resulting in subsequent corrections and amendments.
- Earned respect from the quality control staff, which was considered a significant accomplishment during my tenure (no joke, they loved checking my work quality).

## Skills

Customer Support / Negotiations

Pulse Mediagroup  
Assistant Manager

2018 Jan - 2020 Nov  
2 yrs. and 11 mos.

## Responsibilities

For the first six months, I served as an **advertising manager, liaising with potential B2B clients** and presenting advertising platforms and placement terms. My responsibilities expanded to include:

- **Creating audio commercials**, from drafting scripts to collaborating with recording studios.
- Migrating data from the old database to the current CRM, involving over 2500 company records.
- Managing the music database, selecting tracks, and sourcing new music for public venues.
- Designing business cards, holders, and banners using **Adobe Photoshop and CorelDRAW**.
- Updating the media kit and **developing an email newsletter template**.
- Handling various administrative tasks like monthly reporting, sound checks in shopping centers, and document deliveries.
- **Fulfilling HR duties**, including candidate selection, interviews, training, and supervision.
- Contributing to the implementation of Bitrix24 CRM in a large Moscow-based company.

## Achievements

- Successfully designed a newsletter template without prior knowledge of HTML and CSS, resulting in a visually appealing outcome that I remain proud of.
- **Created technical documentation** for sound amplifier operations, involving the redesign of back panels.

## Skills

People Management / Presentations / Negotiations / Bitrix24

Other  
Specialist

2015 May - 2017 Nov  
2 yrs. and 7 mos.

This encapsulates my varied work experience across multiple organizations, including Home Credit Bank, Russian Post, and various local businesses. Throughout these roles, I've held positions ranging from credit specialist to waiter at a country house, and communications operator at the local post office.
